# *OnLine-Landlord Trophy*

***Driver scoring the most points prior to any deductions for dropped scores.***

# OnLine-Landlord Trophy

## MALLORY PARK

**Jeremy Timms:** "In that particular race I was coming from the back of the grid and it was a case of trying to get to the front as quick as I could. Like with any lap, you know at the end of it that you've taken pretty much every corner at its maximum. I knew I did a couple of laps which were close to each other, and the car at the time seemed to suit the track pretty well. It's a Formula 3 Dallara and the engine and gearbox have been replaced by a higher-boost Suzuki engine, which produces similar horsepower but you're saving a load of weight, so it's a very nippy car. I was a bit concerned at first that losing all that weight on the rear end would make a bit of a difference in oversteering and general balance, but we've made a few adjustments to the ride height and it handles as well as an F3 car. It's been a trial this year, so I'm hoping to do a bit more stepping up with it. Hopeful."

## Fastest laps of 2015

Every driver's biggest rival is the clock. Here's our list of who set the fastest race laps at each British and Irish circuit over the 2015 season

Compiled by Marcus Simmons

Interviews by Jack Cozens, Tom Errington and Rory Mitchell

## Monoposto in Education - STEM

Monoposto encouragement for engineering students.

Monoposto has always been fortunate to have attracted a number of University and College racing teams ("student teams") for whom the attraction has been that it is a cost effective and relatively open formula, allowing experimentation and modification to the cars, along with a friendly and helpful paddock welcoming everyone. The trophy is offered for the most successful team in the championship. Award which reflects the team's performance in the Science and Engineering fields.

In 2015 there was a lot of enthusiasm, having won the championship, the Championship, while Northbrook College has won right wins, class wins and a number of results against the competition.

1st Northbrook College  
2nd University of Wolverhampton  
3rd University of Wales Trinity Saint David

"Everyone has been so welcoming and helped us out when we have been in need. The Championship has been excellently managed and we have thoroughly enjoyed every weekend"

## Northbrook College

"Monoposto has been ideal for Northbrook College, it suits our budget and the variety of venues is perfect for the student experience.

We look forward to next year. Many thanks."

University of Wolverhampton's & Monoposto was perfect to start an excellent range of circuits & competitors made for a fantastic learning experience for engineering students in 2015"
